Stewardship at NACC -
2024

Telling Stories - Stewardship 2024

stew·ard·ship

noun

1. the job of supervising or taking care of something, such as an organization or property.

As we transition into the stewardship season at NACC, we are presented with the chance to contribute towards various forms of stewardship that we can extend towards one another, our community, and our building and grounds. Stewardship can manifest through various forms, including the commitment of time, sharing of talents, financial contributions, emotional and mental energy, and so much more. This is an excellent opportunity to showcase your creativity and skills to the community, moving towards a common goal of realizing our vision of love!

Please feel free to fill out as many or as few form fields as you'd like. Also, please know you can choose one of the examples given, but are not limited to them, as we know our gifts and talents are wonderfully varied!
